

ANGELA CAMMISULI

My name is Angela Cammisuli and I am very excited to be named as the Assistant Coach for the Bantam A team 2020-2021 season.

I grew up in Pickering and have been surrounded by hockey my entire life, by practically always being in arenas and growing up with an intense hockey family.

My hockey career kicked off when I played boys Novice with the Pickering Panthers A team and played all the way until Bantam.

In my minor Bantam year, I moved to girl's hockey to play for the Scarborough Sharks AA team. I played with the sharks AA team all the way up until my midget year.

In my final years as a midget hockey player my team travelled to many colleges in the United States to get the experience of a college athlete. This experience for myself and my teammates is one that will remain with us forever!

When I got into high school, I played for the St. Mary's hockey team for the entire four years I was in school. After high school I went to George Brown college for business finance and I now work at a finance office in Pickering.

I look forward to working with coach Anthony both on and off the ice mentoring and coaching our team!

Angela
